Think tank trinità dei monti

Trinità dei Monti think tank (TdM) is an independent discussion group founded by Pierluigi Testa, which meets near the Spanish Steps in Rome. The main objective is that of furthering insight into topical issues regarding Italian politics, European Union, economics, energy and environmental sustainability, human rights and gender, innovation, the digital revolution and data, cybersecurity and financial markets. The group is composed of people collaborating with public authorities to generate greater trust in the country. TdM works on the formulation and delivery of proposals for
