MY ACTIVITIES FOR THE Think Tank Trinità dei Monti

I joined the Think Tank Trinità dei Monti in September 2017. From the very beginning, I started as a Web Manager overseeing the functionality of the website, developing new content and running regular updates. In addition, I've been taking charge of training TDM staff in the use of WordPress platform as needed. As I became a member of this community, I was involved in the organization of monthly TDM events providing logistic and administrative support. Moreover, I contributed as a researcher to the TDM editorial project when it was still a pilot one. Recently, I've been enlisted to help out the Secretariat with administrative and other office operations and I took part in the DOI codes registration process. I'm also a member of the Social Media Office and I'm currently contributing to a podcast both as a researcher and speaker. Besides, I'm assisting the Marketing team in picking out hosting platforms and organizing the ADV campaign.

STUDIES

I'm a first-year student of the Master Programme in International Science and Diplomacy at the "Alma Mater Studiorum" University in Forlì. In May 2020, I graduated in Politics and International Relations at the University of Naples "L'Orientale", completing a dissertation in IR about the new-born European Green Deal. In line with my deep interest in environmental matters, in July 2020 I attended an online course provided by UN Environment Programme (UNEP) and UN Institute for Training and Research (UNITAR), entitled "Climate Change International Legal Regime". This has sharpened my knowledge on the mechanisms established by the UNFCCC as well as the key provisions and commitments stipulated under the Kyoto Protocol and the Paris Agreement.

OTHER ACTIVITIES

In September 2020 I took part in the Summer School "Cosa sarà Stato?" held by Scuola di Politiche, a training programme run by the former Italian Prime Minister Enrico Letta. Recently, I've also attended the HIKMA Summit of International Relations, an event entirely conceived and realized by students of Alma Mater University. Actually, I was selected for a joint workshop with Centro Studi Internazionali (CeSi) on Political Communication during Covid-19. In April 2019, I received an award for the best article in International Journalism from MSOI Naples and *Opinio Juris*, a Law & Politics Review. From 2018 to 2019, I was Vice-president of the Youth Atlantic Treaty Association (YATA) in Naples. Thanks to this experience, I had the chance to deepen my understanding about NATO role and its functions as well as to improve my analytical skills pertaining strategic issues as I participated in two diplomatic simulations of the North Atlantic Council and a seminar on strategic planning and logistics organized by Comando di Divisione Acqui.
