### MY ACTIVITIES FOR THE TTTdM

I am Irene Fratellini, a young think tanker and researcher in the area of policy analysis for Think Tank Trinità dei Monti. In the Think Tank I carry out political research, from the essays that are monthly published in the Newsletter to the case of policy briefs. I am usually in charge of managing institutional relations and partnership opportunities for seminars and workshops in which I am also pleased to participate. The Think Tank represents for me the opportunity to shape my skills and stimulate my interests in a dynamic and alive environment. I often find myself involved in every proposed initiative, because curiosity pushes me to go further and face always new challenges. I believe that the work we do here is invaluable, for us and for the society as a whole.

### STUDIES

I graduated from LUISS University in Rome (BSc in Politics, Philosophy and Economics) and I am currently enrolled in the Doubled Degree program for a Master Degree in Public Policy at LUISS and in Relations Internationales : Finalité Monde at Université Libre de Bruxelles.

### WORK EXPERIENCE

Despite my young age, I have had the pleasure and responsibility of having work experience, meanwhile carrying out my studies. Every experience I have had is related to my field of research, i.e. the study of policies in its various dimensions and fields of application. The most enriching experience has been the internship in the Department of European Policies in the Presidency of the Council of Ministers.

### OTHER ACTIVITIES

I had my first volunteer experience in 2017 at TED Conferences "Ideas worth spreading" as a volunteer translator. I studied European languages in high school, so I thought I could lend my skills in German, Spanish, French and English to ensure that information travels without limits. In 2018, I took part in a volunteer project promoted by LUISS Guido Carli University with "Libera contro le Mafie". I therefore spent a period in Calabria together with other volunteers to retrain and reclaim assets confiscated from the 'Ndrangheta. Afterwards, during my Exchange program in Canada, I was admitted as a member of UNICEF Carleton, a subsidiary branch of UNICEF at my host university in Ottawa. There, I was in charge of organizing projects with the aim of donating the proceeds to UNICEF.

### LANGUAGES: ITALIAN, ENGLISH, FRENCH, SPANISH, GERMAN
