▶ MY ACTIVITIES FOR THE TTTdM

I freshly joined the Young Think Tankers team. My activities will be focused on drafting articles as a contribution to the Think Tank newsletter.

STUDIES ◀

I graduated in BSc International Relations and Diplomacy at the University of Trieste in September 2019. I spent the third year of BSc as an Erasmus+ exchange student in Paris at Université Paris Diderot. I am now awaiting the MSc diploma in International Social and Public Policy (NGOs) at LSE.

▶ WORK EXPERIENCE

I worked as a volunteer for a local charity association when I was younger, where I fundraised, supported people with disabilities and I was tutor of children with special needs. Moreover, I worked as a volunteer for Utopia56 during my Erasmus, where I accompanied migrants from refugee camps to local hosts and I supported them with legal advice.

OTHER ACTIVITIES ◀

During my BSc I was member of two students' movements namely MSOI (Students' Movement for International Organizations) and MFE (European Federalist Movement). By doing so, I had the opportunity to design and partake MUNs, MEUs, Class Sections, institutional trips and meetings, conferences and seminars.
