“CLIMATE CHANGE AND CIRCULAR ECONOMY”

Best Practice exchange between Norway and Italy

Monday 18 November 2019 - 16.00

Sala Regina - Camera dei Deputati

Environmental topics and the increase of commitment on the Italian side vis-à-vis sustainable development policies have marked the beginning of a new phase of debate on climate change and society's answer to it. This is the reason why the **Think Tank Trinità dei Monti** and the Royal Embassy of Norway to Italy are organizing an important event entitled “*Climate Change and Circular Economy*” at the prestigious Sala Regina della Camera dei Deputati, on Monday 18 November, at 16.00.

The event will give the opportunity to policy-makers, stakeholders and activists to engage with Norwegian representatives, hence providing the possibility of a *Best Practice* exchange between the two layers. Italy has the opportunity to learn important lessons from a Scandinavian country, which has been characterized by decades of environmental policies. Norway will have the opportunity to draw interesting insights from Italian Champions such as Enel and Intesa.

The discussion will kick off with initial greetings of the Ambassador of the Royal Embassy of Norway to Rome **Margit Tveiten**, and of the President of the Think Tank Trinità dei Monti **Pierluigi Testa**. Various Speakers will intervene throughout the sessions, such as Mayor of the City of Oslo **Marianne Borgen**, President of Fondazione Univerde and Former Environment Minister **Alfonso Pecoraro Scanio**, the Circular Economy Expert and Member of the High Level Steering Group Raw Materials of the European Commission **Danilo Bonato**, the Director of The Explorer, Innovation Norway, **Helene Friis**, the Director-General of Intesa Sanpaolo Innovation Center, **Guido de Vecchi**, the Chief Executive Officer of DNV GL Business Assurance, **Luca Crisciotti**, the Chief Innovability Officer of Enel, **Ernesto Ciorra**, the Business Development Manager South Europe & MENA, **Alejandro Jimenez Galindo** and the

President of the Premio GreenCare Aps Association - Ets, **Benedetta de Falco. Nicola Blasetti**, Climate expert of the Think Tank Trinità dei Monti will moderate the discussion.

To join the event as an accredited journalist, please register here, and to attend the event as an individual please register here before **13 November**.
